Acceptable Use Standard

(Last Updated February, 2026)

Purpose

The purpose of this policy is to outline the acceptable use of computer equipment and other electronic devices at MopeTech Ai. These rules are in place to protect the employee and MopeTech Ai. Inappropriate use exposes MopeTech Ai to cyber risks including virus attacks including ransomware, compromise of network systems and services, data breach, and legal issues.

Scope

This policy applies to the use of information, electronic and computing devices, and network resources to conduct MopeTech Ai business or interact with internal networks and business systems, whether owned or leased by MopeTech Ai, the employee, or a third party. All employees, contractors, consultants, temporary, and other workers at MopeTech Ai and its subsidiaries are responsible for exercising good judgment regarding appropriate use of information, electronic devices, and network resources in accordance with MopeTech Ai policies and standards, and local laws and regulation. Exceptions to this policy are documented in section 5.2

This policy applies to employees, contractors, consultants, temporaries, and other workers at MopeTech Ai, including all personnel affiliated with third parties. This policy applies to all equipment that is owned or leased by MopeTech Ai.

Safeguards

General Use and Ownership

MopeTech Ai proprietary information stored on electronic and computing devices whether owned or leased by MopeTech Ai, the employee or a third party, remains the sole property of MopeTech Ai. You must ensure through legal or technical means that proprietary information is protected in accordance with the *Data Protection Standard*.

You have a responsibility to promptly report the theft, loss, or unauthorized disclosure of MopeTech Ai proprietary information.

You may access, use or share MopeTech Ai proprietary information only to the extent it is authorized and necessary to fulfill your assigned job duties.

Employees are responsible for exercising good judgment regarding the reasonableness of personal use. Individual departments are responsible for creating guidelines concerning personal use of Internet/Intranet/Extranet systems. In the absence of such policies, employees should be guided by departmental policies on personal use, and if there is any uncertainty, employees should consult their supervisor or manager.

For security and network maintenance purposes, authorized individuals within MopeTech Ai may monitor equipment, systems, and network traffic at any time, per Infosec's *Audit Policy*.

MopeTech Ai reserves the right to audit networks and systems on a periodic basis to ensure compliance with this policy.

Security and Proprietary Information

All mobile and computing devices that connect to the internal network must comply with the *Minimum Access Policy*.

System level and user level passwords must comply with the *Password Policy*. Providing access to another individual, either deliberately or through failure to secure its access, is prohibited.

All computing devices must be secured with a password-protected lock screen with the automatic activation feature set to 10 minutes or less. You must lock the screen or log off when the device is unattended.

Rukayat Mopelola Lawal

Postings by employees from a MopeTech Ai email address to newsgroups or other online platforms, should contain a disclaimer stating that the opinions expressed are strictly their own and not necessarily those of MopeTech Ai, unless posting is during business duties.

Employees must use extreme caution when opening email attachments received from unknown senders, which may contain malware.

Unacceptable Use

The following activities are, in general, prohibited. Employees may be exempted from these restrictions during their legitimate job responsibilities (e.g., systems administration staff may have a need to disable the network access of a host if that host is disrupting production services).

Under no circumstances is an employee of MopeTech Ai authorized to engage in any activity that is illegal under local, state, federal or international law while utilizing MopeTech Ai-owned resources.

The lists below are by no means exhaustive but attempt to provide a framework for activities which fall into the category of unacceptable use.

System and Network Activities

The following activities are strictly prohibited, with no exceptions:

Violations of the rights of any person or company protected by copyright, trade secret, patent or other intellectual property, or similar laws or regulations, including, but not limited to, the installation or distribution of "pirated" or other software products that are not appropriately licensed for use by MopeTech Ai.

Unauthorized copying of copyrighted material including, but not limited to, digitization and distribution of photographs from magazines, books or other copyrighted sources, copyrighted music, and the installation of any copyrighted software for which MopeTech Ai or the end user does not have an active license is strictly prohibited.

Accessing data, a server, or an account for any purpose other than conducting MopeTech Ai business, even if you have authorized access, is prohibited.

Rukayat Mopelola Lawal

Exporting software, technical information, encryption software or technology, in violation of international or regional export control laws, is illegal. The appropriate management should be consulted prior to export of any material that is in question.

Introduction of malicious programs into the network or server (e.g., viruses, worms, trojan horses, ransomware, etc.).

Revealing your account password/passphrase to others or allowing use of your account by others. This includes family and other household members when work is being done at home.

Using a MopeTech Ai computing asset to actively engage in procuring or transmitting material that is in violation of sexual harassment or hostile workplace laws in the user's local jurisdiction.

Making fraudulent offers of products, items, or services originating from any MopeTech Ai account.

Making statements about warranty, expressly or implied, unless it is a part of normal job duties.

Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the employee is not an intended recipient or logging into a server or account that the employee is not expressly authorized to access, unless these duties are within the scope of regular duties. For purposes of this section, "disruption" includes, but is not limited to, network sniffing, ping floods, packet spoofing, denial of service, brute-forcing accounts, and forged routing information for malicious purposes.

Port scanning or security scanning is expressly prohibited unless prior notification to the Infosec Team is made.

Executing any form of network monitoring which will intercept data not intended for the employee's host, unless this activity is a part of the employee's normal job/duty.

Circumventing user authentication or security of any host, network, or account.

Introducing honeypots, honeynets, or similar technology on the MopeTech Ai network.

Interfering with or denying service to any user other than the employee's host (for example, denial of service attack).

Rukayat Mopelola Lawal

Using any program/script/command, or sending messages of any kind, with the intent to interfere with, or disable, a user's terminal session, via any means, locally or via the Internet/Intranet/Extranet.

Providing information about, or lists of, MopeTech Ai employees to parties outside MopeTech Ai.

Email and Communication Activities

When using company resources to access and use the Internet, users must realize they represent the company. Whenever employees state an affiliation to the company, they must also clearly indicate that "the opinions expressed are my own and not necessarily those of the company". Questions may be addressed to the IT Department

Sending unsolicited email messages, including the sending of "junk mail" or other advertising material to individuals who did not specifically request such material (email spam).

Any form of harassment via email, telephone, text, or paging, whether through language, frequency, or size of messages.

Unauthorized use, or forging, of email header information.

Solicitation of email for any other email address, other than that of the poster's account, with the intent to harass or to collect replies.

Creating or forwarding "chain letters", "Ponzi" or other "pyramid" schemes of any type.

Use of unsolicited email originating from within MopeTech Ai's networks of other Internet/Intranet/Extranet service providers on behalf of, or to advertise, any service hosted by MopeTech Ai or connected via MopeTech Ai's network.

Posting the same or similar non-business-related messages to large numbers of Usenet newsgroups (newsgroup spam).

Blogging and Social Media

Rukayat Mopelola Lawal

Blogging or posting to social media platforms by employees, whether using MopeTech Ai's property and systems or personal computer systems, is also subject to the terms and restrictions set forth in this Policy. Limited and occasional use of MopeTech Ai's systems to engage in blogging or other online posting is acceptable, provided that it is done in a professional and responsible manner, does not otherwise violate MopeTech Ai's policy, is not detrimental to MopeTech Ai's best interests, and does not interfere with an employee's regular work duties. Blogging or other online posting from MopeTech Ai's systems is also subject to monitoring.

MopeTech Ai's Confidential Information policy also applies to blogging. As such, Employees are prohibited from revealing any <Company> confidential or proprietary information, trade secrets or any other material covered by <Company>'s Confidential Information policy when engaged in blogging.

Employees shall not engage in any blogging that may harm or tarnish the image, reputation and/or goodwill of MopeTech Ai and/or any of its employees. Employees are also prohibited from making any discriminatory, disparaging, defamatory or harassing comments when blogging or otherwise engaging in any conduct prohibited by MopeTech Ai's *Non-Discrimination and Anti-Harassment* policy.

Employees may also not attribute personal statements, opinions or beliefs to MopeTech Ai when engaged in blogging. If an employee is expressing his or her beliefs and/or opinions in blogs, the employee may not, expressly, or implicitly, represent themselves as an employee or representative of MopeTech Ai. Employees assume any and all risk associated with blogging.

Apart from following all laws pertaining to the handling and disclosure of copyrighted or export-controlled materials, MopeTech Ai's trademarks, logos and any other MopeTech Ai intellectual property may also not be used in connection with any blogging or social media activity

Policy Sanctions

Non-compliance with this policy may result in disciplinary action in line with our corporation's human resources procedures. Consequences may range from mandatory refresher training and written warnings to temporary suspension of remote access privileges and, in severe cases, termination of employment or contractual obligations. Individuals could be subject to legal consequences under applicable laws if violations involve illegal activities. These sanctions emphasize the critical importance of cybersecurity, the individual's role in protecting our digital assets, and the potential risks

Rukayat Mopelola Lawal

associated with policy violations. Enforcement will be consistent and impartial, with the severity of the action corresponding directly to the seriousness of the breach.
